Dear Residents,

After consideration of the public's comments at the September 9th board meeting, I have decided to suspend the reorganization of the Davison Township Parks to allow for additional board and public consideration. Due to procedural requirements, the matter will still be listed as an agenda item for October 7, 2024, **but will be withdrawn by me prior to the approval of that agenda.**

Further, last spring the township board commissioned a study of the efficiency of the township departments, including the Parks Department, and I look forward to the results of that study, and expect that it will provide direction on how we can increase efficiency for all levels of township services.

Sincerely

A handwritten signature in black ink, appearing to read "Jim Slezak".
